fs.readFile()

Nod	e js Assessment
•	What is Node.js?
	Marked Answer:
	A runtime environment for JavaScript
	Correct Answer:
	A runtime environment for JavaScript
	Total Marks: 1MARKS OBTAINED 1
•	Which programming language is used in Node.js?
	Marked Answer:
	JavaScript
	Correct Answer:
	JavaScript
	Total Marks: 1MARKS OBTAINED 1
•	Which module is used to create a server in Node.js?
	Marked Answer:
	http
	Correct Answer:
	http
	Total Marks: 1MARKS OBTAINED 1
•	Which command is used to install Node.js modules?
	Marked Answer:
	npm install
	Correct Answer:
	npm install
	Total Marks: 1MARKS OBTAINED 1
•	Which method is used to read data from a file in Node.js?
	Marked Answer:
	fs.readFile()
	Correct Answer:

about:blank 1/16

Total Marks: 1MARKS OBTAINED 1

• What is the purpose of the Node.js event loop?

Marked Answer:

To manage the flow of events and callbacks

Correct Answer:

To manage the flow of events and callbacks

Total Marks: 1MARKS OBTAINED 1

• Which module is used to work with the file system in Node.js?

Marked Answer:

fs

Correct Answer:

fs

Total Marks: 1MARKS OBTAINED 1

• What is npm in Node.js?

Marked Answer:

A package manager

Correct Answer:

A package manager

Total Marks: 1MARKS OBTAINED 1

• Which module is used to work with path in Node.js?

Marked Answer:

path

Correct Answer:

path

Total Marks: 1MARKS OBTAINED 1

• Which command is used to start a Node.js server?

Marked Answer:

node server.js

Correct Answer:

node server.js

Total Marks: 1MARKS OBTAINED 1

about:blank 2/16

3/31/2

Marked Answer: To import modules Correct Answer: To import modules Total Marks: 1MARKS OBTAINED 1		1 PM about:blank
To import modules Correct Answer: To import modules Total Marks: 1MARKS OBTAINED 1 • Which method is used to start listening for incoming requests on a Nod server? Marked Answer: listen() Correct Answer: listen() Total Marks: 1MARKS OBTAINED 1 • What is the purpose of the 'Buffer' class in Node.js? Marked Answer: To store binary data Correct Answer: To store binary data Total Marks: 1MARKS OBTAINED 1 • Which module is used to work with query strings in Node.js? Marked Answer: url Correct Answer: url Total Marks: 1MARKS OBTAINED 1 • What is the purpose of the 'async' module in Node.js? Marked Answer:	•	What is the purpose of the 'require' function in Node.js?
Correct Answer: To import modules Total Marks: IMARKS OBTAINED 1 • Which method is used to start listening for incoming requests on a Nod server? Marked Answer: listen() Correct Answer: listen() Total Marks: IMARKS OBTAINED 1 • What is the purpose of the 'Buffer' class in Node.js? Marked Answer: To store binary data Correct Answer: To store binary data Total Marks: IMARKS OBTAINED 1 • Which module is used to work with query strings in Node.js? Marked Answer: url Correct Answer: url Total Marks: IMARKS OBTAINED 1 • What is the purpose of the 'async' module in Node.js? Marked Answer:		
To import modules Total Marks: 1MARKS OBTAINED 1 Which method is used to start listening for incoming requests on a Nod server? Marked Answer: listen() Correct Answer: listen() Total Marks: 1MARKS OBTAINED 1 What is the purpose of the 'Buffer' class in Node.js? Marked Answer: To store binary data Correct Answer: To store binary data Total Marks: 1MARKS OBTAINED 1 Which module is used to work with query strings in Node.js? Marked Answer: url Correct Answer: url Total Marks: 1MARKS OBTAINED 1 Which module is used to work with query strings in Node.js? Marked Answer: url Total Marks: 1MARKS OBTAINED 1		To import modules
Total Marks: 1MARKS OBTAINED 1 Which method is used to start listening for incoming requests on a Nod server? Marked Answer: listen() Correct Answer: listen() Total Marks: 1MARKS OBTAINED 1 What is the purpose of the 'Buffer' class in Node.js? Marked Answer: To store binary data Correct Answer: To store binary data Total Marks: 1MARKS OBTAINED 1 Which module is used to work with query strings in Node.js? Marked Answer: url Correct Answer: url Total Marks: 1MARKS OBTAINED 1 What is the purpose of the 'async' module in Node.js? Marked Answer:		Correct Answer:
 Which method is used to start listening for incoming requests on a Nod server? Marked Answer: listen() Correct Answer: listen() Total Marks: 1MARKS OBTAINED 1 What is the purpose of the 'Buffer' class in Node.js? Marked Answer: To store binary data Correct Answer: To store binary data Total Marks: 1MARKS OBTAINED 1 Which module is used to work with query strings in Node.js? Marked Answer: url Correct Answer: url Total Marks: 1MARKS OBTAINED 1 What is the purpose of the 'async' module in Node.js? Marked Answer: Marked Answer: 		To import modules
server? Marked Answer: listen() Correct Answer: listen() Total Marks: 1MARKS OBTAINED 1 • What is the purpose of the 'Buffer' class in Node.js? Marked Answer: To store binary data Correct Answer: To store binary data Total Marks: 1MARKS OBTAINED 1 • Which module is used to work with query strings in Node.js? Marked Answer: url Correct Answer: url Total Marks: 1MARKS OBTAINED 1 • What is the purpose of the 'async' module in Node.js? Marked Answer:		Total Marks: 1MARKS OBTAINED 1
Marked Answer: listen() Correct Answer: listen() Total Marks: 1MARKS OBTAINED 1 • What is the purpose of the 'Buffer' class in Node.js? Marked Answer: To store binary data Correct Answer: To store binary data Total Marks: 1MARKS OBTAINED 1 • Which module is used to work with query strings in Node.js? Marked Answer: url Correct Answer: url Total Marks: 1MARKS OBTAINED 1 • What is the purpose of the 'async' module in Node.js? Marked Answer:	•	Which method is used to start listening for incoming requests on a Node.js
listen() Correct Answer: listen() Total Marks: 1MARKS OBTAINED 1 • What is the purpose of the 'Buffer' class in Node.js? Marked Answer: To store binary data Correct Answer: To store binary data Total Marks: 1MARKS OBTAINED 1 • Which module is used to work with query strings in Node.js? Marked Answer: url Correct Answer: url Total Marks: 1MARKS OBTAINED 1 • What is the purpose of the 'async' module in Node.js? Marked Answer:		server?
Correct Answer: listen() Total Marks: 1MARKS OBTAINED 1 • What is the purpose of the 'Buffer' class in Node.js? Marked Answer: To store binary data Correct Answer: To store binary data Total Marks: 1MARKS OBTAINED 1 • Which module is used to work with query strings in Node.js? Marked Answer: url Correct Answer: url Total Marks: 1MARKS OBTAINED 1 • What is the purpose of the 'async' module in Node.js? Marked Answer:		Marked Answer:
listen() Total Marks: 1MARKS OBTAINED 1 What is the purpose of the 'Buffer' class in Node.js? Marked Answer: To store binary data Correct Answer: To store binary data Total Marks: 1MARKS OBTAINED 1 Which module is used to work with query strings in Node.js? Marked Answer: url Correct Answer: url Total Marks: 1MARKS OBTAINED 1 What is the purpose of the 'async' module in Node.js? Marked Answer:		listen()
Total Marks: 1MARKS OBTAINED 1 • What is the purpose of the 'Buffer' class in Node.js? Marked Answer: To store binary data Correct Answer: To store binary data Total Marks: 1MARKS OBTAINED 1 • Which module is used to work with query strings in Node.js? Marked Answer: url Correct Answer: url Total Marks: 1MARKS OBTAINED 1 • What is the purpose of the 'async' module in Node.js? Marked Answer:		Correct Answer:
 What is the purpose of the 'Buffer' class in Node.js? Marked Answer: To store binary data Correct Answer: To store binary data Total Marks: 1MARKS OBTAINED 1 Which module is used to work with query strings in Node.js? Marked Answer: url Correct Answer: url Total Marks: 1MARKS OBTAINED 1 What is the purpose of the 'async' module in Node.js? Marked Answer: 		listen()
Marked Answer: To store binary data Correct Answer: To store binary data Total Marks: 1MARKS OBTAINED 1 • Which module is used to work with query strings in Node.js? Marked Answer: url Correct Answer: url Total Marks: 1MARKS OBTAINED 1 • What is the purpose of the 'async' module in Node.js? Marked Answer:		Total Marks: 1MARKS OBTAINED 1
To store binary data Correct Answer: To store binary data Total Marks: 1MARKS OBTAINED 1 • Which module is used to work with query strings in Node.js? Marked Answer: url Correct Answer: url Total Marks: 1MARKS OBTAINED 1 • What is the purpose of the 'async' module in Node.js? Marked Answer:	•	What is the purpose of the 'Buffer' class in Node.js?
Correct Answer: To store binary data Total Marks: 1MARKS OBTAINED 1 • Which module is used to work with query strings in Node.js? Marked Answer: url Correct Answer: url Total Marks: 1MARKS OBTAINED 1 • What is the purpose of the 'async' module in Node.js? Marked Answer:		Marked Answer:
To store binary data Total Marks: 1MARKS OBTAINED 1 • Which module is used to work with query strings in Node.js? Marked Answer: url Correct Answer: url Total Marks: 1MARKS OBTAINED 1 • What is the purpose of the 'async' module in Node.js? Marked Answer:		To store binary data
Total Marks: 1MARKS OBTAINED 1 • Which module is used to work with query strings in Node.js? Marked Answer: url Correct Answer: url Total Marks: 1MARKS OBTAINED 1 • What is the purpose of the 'async' module in Node.js? Marked Answer:		Correct Answer:
 Which module is used to work with query strings in Node.js? Marked Answer: url Correct Answer: url Total Marks: 1MARKS OBTAINED 1 What is the purpose of the 'async' module in Node.js? Marked Answer: 		To store binary data
Marked Answer: url Correct Answer: url Total Marks: 1MARKS OBTAINED 1 What is the purpose of the 'async' module in Node.js? Marked Answer:		Total Marks: 1MARKS OBTAINED 1
url Correct Answer: url Total Marks: 1MARKS OBTAINED 1 • What is the purpose of the 'async' module in Node.js? Marked Answer:	•	Which module is used to work with query strings in Node.js?
Correct Answer: url Total Marks: 1MARKS OBTAINED 1 What is the purpose of the 'async' module in Node.js? Marked Answer:		Marked Answer:
 url Total Marks: 1MARKS OBTAINED 1 What is the purpose of the 'async' module in Node.js? Marked Answer: 		url
Total Marks: 1MARKS OBTAINED 1 • What is the purpose of the 'async' module in Node.js? Marked Answer:		Correct Answer:
 What is the purpose of the 'async' module in Node.js? Marked Answer: 		url
Marked Answer :		Total Marks: 1MARKS OBTAINED 1
	•	What is the purpose of the 'async' module in Node.js?
To create asynchronous functions		Marked Answer:
		To create asynchronous functions

about:blank

3/16

Correct Answer:

To create asynchronous functions

Total Marks: 1MARKS OBTAINED 1

• How can we expose node modules?

Total Marks: 1MARKS OBTAINED 1

about:blank 4/16

Marked Answer: None of the above **Correct Answer:** None of the above Total Marks: 1MARKS OBTAINED 1 • What method is used to return the current working directory of the process? Marked Answer: cwd() **Correct Answer:** cwd() Total Marks: 1MARKS OBTAINED 1 • Default scope in Node.js application is? Marked Answer: local **Correct Answer:** local Total Marks: 1MARKS OBTAINED 1 • How many node objects methods are available? Marked Answer: 18 **Correct Answer:** 18 Total Marks: 1MARKS OBTAINED 1 • We can kill a process in Node.js using the keyboard shortcut? Marked Answer: Ctrl+C **Correct Answer:** Ctrl+C Total Marks: 1MARKS OBTAINED 1 • How can we initiate a NodeJS file called Hello in Node?

Marked Answer:

about:blank 5/16

node Hello.j

Correct Answer:

node Hello.j

Total Marks: 1MARKS OBTAINED 1

• The node object property which is used to return the node just before the

current node is?

Marked Answer:

previousSibling

Correct Answer:

previousSibling

Total Marks: 1MARKS OBTAINED 1

• The advantages of using node modules are?

Marked Answer:

All the above

Correct Answer:

All the above

Total Marks: 1MARKS OBTAINED 1

• Which of the following are built-in node modules?

Marked Answer:

All the above

Correct Answer:

All the above

Total Marks: 1MARKS OBTAINED 1

• Which of the following operations can we do with the NodeJS events module?

Marked Answer:

All the above

Correct Answer:

All the above

Total Marks: 1MARKS OBTAINED 1

Total Marks 29 / 30

about:blank 6/16

29/30

Question 1 1
What is Node.js?
O A web browser
O A web development framework
A runtime environment for JavaScript
O A database management system
Question 2
Which programming language is used in Node.js?
○Java
OPython
JavaScript
○Ruby
Question 3
Which module is used to create a server in Node.js?
● http
\bigcirc fs
Opath
○url

about:blank 7/16

Question 4	
Which command is used to install Node.js modules?	
npm install	
Onpm create	
Onpm add	
Onpm build	
Question 5	
Which method is used to read data from a file in Node.js?	
○ fs.read()	
○ fs.open()	
○ fs.write()	
• fs.readFile()	
Question 6	
What is the purpose of the Node.js event loop?	
O To execute JavaScript code asynchronously	
○ To handle server requests and responses	
To manage the flow of events and callbacks	
○ To handle file I/O operations	
Question 7	

about:blank 8/16

Which module is used to work with the file system in Node.js?

 $\bigcirc\, http$ ofs Opath Ourl Question 8 What is npm in Node.js? O A package manager O A web server O A programming language O A database Question 9 Which module is used to work with path in Node.js? Ohttp \bigcirc fs opath Ourl Question 10

about:blank 9/16

Which command is used to start a Node.js server?

Question 13

o node server.js	
O start server.js	
Orun server.js	
O startNode server.js	
Question 11	1
What is the purpose of the 'require' function in Node.js?	
○ To create a new server instance	
○ To define a new route	
○ To execute a function asynchronously	
To import modules	
Question 12	1
Which method is used to start listening for incoming requests on a Node.js server?	
Orun()	
Ostart()	
Oconnect()	
listen()	

about:blank 10/16

What is the purpose of the 'Buffer' class in Node.js?

○ To manage Node.js packages	
○ To create a new server instance	
○ To define a new route	
To store binary data	
Question 14	1
Which module is used to work with query strings in Node.js?	
○fs	
Ohttp	
• url	
Opath	
Question 15	1
What is the purpose of the 'async' module in Node.js?	
To create asynchronous functions	
○ To define a new route	
○ To manage Node.js packages	
○ To create a new server instance	
Question 16	1

about:blank 11/16

What is the purpose of the 'process' object in Node.js?

○ To define a new route
O To create a new server instance
O To manage Node.js packages
To access command-line arguments
Question 17
is an interactive shell that processes Node.
• REPL
OREAL
ORESP
ONone
Question 18
What is the full form of REPL?
© REPL-Read Eval Print Loop
© REAL-Research Eval Program Learn
ORESP-Read Earn Point Loop
ONone
Question 19

about:blank 12/16

How can we install the node body-parser module?

Question 22

Onpm install body-parser Onde install body-parser Onode.js body-parser none Question 20 Which of the following are examples of node modules? ○ Express O Body-parser O Socket.io • All the above Question 21 How can we expose node modules? ○ exports O expose Orequires None of the above

about:blank 13/16

What method is used to return the current working directory of the process?

● cwd()
Opwd()
O None of the above
Question 23
Default scope in Node.js application is?
O Local to Object
○ Global
olocal
O None of the above
Question 24
How many node objects methods are available?
O21
● 18
○ 19
$\bigcirc 20$
O None of the above Question 24 How many node objects methods are available? 21 18 19

about:blank 14/16

1

Question 25

We can kill a process in Node.js using the keyboard shortcut? Octrl+C OCtrl+B OCtrl+K O None Question 26 How can we initiate a NodeJS file called Hello in Node? O Hello.js onode Hello.j OjavaScript Hello.js Onode Hello Question 27 The node object property which is used to return the node just before the current node is? OlocalName \bigcirc index • previousSibling ○ None

Question 28

about:blank 15/16

The advantages of using node modules are?
O Provides a means of dividing up task
O Provides a mean of reuse of program code
O Provides a mean of testing individual parts of a program
All the above
Question 29
Which of the following are built-in node modules?
○zlib
Ohttps
Odgram
O All the above
Question 30
Which of the following operations can we do with the NodeJS events module?
○ Create
Clisten for
○ Fire
• All the above

about:blank 16/16
